THE SCIENCE OF COLOURS
COSMIC AND HUMAN COLOUR RAYS

***THIS BOOK COVERS THE FOLLOWING TOPICS
AMONG OTHERS:***

- *The esoteric meaning of colours.*
- *The reflection of colours in the aura.*
- *Their appearance in the subtle bodies within.*
- *Their centres in the chakras.*
- *Their effects on the psyche (with 22 diagrams in colours).*

It is the science of colours forming the components of consciousness as they appear in one's aura in the form of colourful radiations. It is the science of the meaning of these colours, their sources and effects in the personality and within the human being as a whole.
